PREFACE.

THE aim of this little book is very simple, being merely to enable those members of the family now living to understand their relationship to one another, and to note the various birthdays and other anniversaries as they pass. Many additions and improvements have been kindly suggested by those who have seen the proof sheets, and some of them have been gladly adopted. Others would make the volume larger and more pretentious, and their adoption would require more time than the compilers are prepared to give to the work.

It is hoped that some member of the family may be willing to prepare a more complete record, and thus supersede the present modest production.

28th January, 1907.

NOTES ON THE FOREGOING.

The first of our Ancestors who has been traced is—

Thomas Hodgkin, of Shutford.

His date of birth is not stated, but on the 21st of 3rd month [called May], 1665, he took Ann Alcock to wife.

She died on the 24th day of the 2nd month [commonly called *April], 1689.

He died on the 29th day of 5th month [July], 1709.

Their eldest son, Thomas Hodgkin (also of Shutford), was born on the 29th day of 1st month [March], 1666.

His wife was named Elizabeth, and she died in 1740.

Their third child and second son, John Hodgkin, was born 31st of 8th month [October], 1701.

His wife's name was Susanna, and his will was proved 26th of December, 1783.

He migrated to Shipston.

His eldest son, John Hodgkin, of Shipston, "the eminent woolstapler" was born 25th of 5th month [July] 1741.

He married on the 28th of February, 1765, Elizabeth Gibbs.

His brother, Thomas Hodgkin, was born 12th of 2nd month [April] 1744. He married Anna — and had a son named Arthur, who died young. He was writing-master at Ackworth School, and was the means of his nephew, John Hodgkin, being engaged there in a similar capacity. He left some property to his great nephew, Thomas Hodgkin, M.D. (page 15).

*The original document says "May"; but there is probably some confusion owing to the change from "old style" to "new style."
